Great set but short and pricey if purchased individually

By Avid Reader

I got the 3 book set of short novellas and although I loved them, I will say the 3 barely total one full book so I don't understand splitting them up like this except it forces people to purchase tiny little over priced novellas to get the whole story. That said, I got the entire thing as a freebie so I'll shelve that thought for now.

I actually loved the story. The writing is great and I loved the characters of Nicole and Sebastian. Both have been burned bad in past relationships so neither is looking for any kind of relationship. In fact, when they meet at a bar during separate out of town conferences they aren't even looking for a hook up but it turns out that the sparks can not be denied and the agreed upon one night turns into 3. But then life sends them both back home to different cities until 2 months later when Nicole finds a huge surprise in her office.

The two find themselves working together and although Nicole doesn't trust easily she is finally beginning to relax a little, until she finds out what kind of deceit Sebastian is really up to. If that isn't enough, a PR nightmare has them both scrambling to straighten out the lives of their clients at the expense of their own.

I'll definitely look for more from this author but I'll check ahead for cliffhangers.

Good

By p leslie

I received a copy via Insta-Freebie for an honest review.

Nicola and Sebastian meet at a bar and share an intense yet passionate steamy weekend together. Two months later, they meet again but as work colleagues. Neither has forgotten their incredible weekend but will the competition between them burn away or ignite the passion between them?

This was an enjoyable book to read with characters that make you laugh and smile. Although both were competitive, neither came across arrogant. I liked Sebastian: he was cocky and competitive but when it truly mattered he stood up for Nicola. Their passionate moments were intense and sexy. Both have been hurt in the past, but will their past affect their future together? Nice, short book and I would recommend it.

happy surprise

By VO POV

I wasn't aware that this book finished off the love story between Nicole and Sebastian. What a nice surprise. I love this tough and well matched couple, and enjoyed this final chapter of their story.
