Spanish Olive Oil!

By E. A. Montgomery

My family loves Carrabba's seasonal dishes, including the Limoncello Bread Pudding. Being able to make them at home, when the restaurant is not offering them, is well worth the cost of this cookbook. While not everything they serve is included (use Look Inside for a table of contents) the recipes that are included were absolutely worth the price to me. These have been adjusted for the home kitchen. The ones I've tried execute well. Also included are some minor tips, such as Carrabba's using a proprietary Spanish Olive Oil instead of Italian. ( This explains why I haven't found an Italian oil of similar taste. ) The author also advises not buying diced canned tomatoes as they have been chemically treated not to break down during cooking. These are the kind of practical tips that add value. Too many cookbooks offer useless information to pad the page count. Carrabba's has wisely chosen to produce a thinner book with clean and spare page design. This is a book meant to be used in the kitchen, not toured from an armchair. Great gift for a beginning cook.

AMAZING!

By HonestConsumer

You are probably wondering if the recipes in this book are authentic. Well, THEY ARE! :) I have made the chicken soup, calamari, garlic mashed potatoes, and pollo rosa maria so far. Let me tell you, they taste just as good as the restaurant dishes! Definitely recommend this book. It is very affordable and totally worth it! The recipes are easy to follow. I'm surprised it didn't cost more!

40 of 43 people found the following review helpful.

LOVE!

By Julia

Authentic recipes, and easy to follow instructions! For \$13 you can duplicate your favorite dishes at home!  
Great for entertaining!
