DEBBIE. BY SIERRA D WATERS PDF

This is not a feel good story. This memoir is a call for change.
No one should ever have to be Debbie.

IMPORTANT NOTES:

I have updated the book (edits and documents.)

I am not a professional writer. I'm a survivor using my voice for change. My memoir was written through tears.

My memoir could trigger survivors. It has content not suitable for all readers. I'd rather you not read it if you could be triggered. Thank you.

Some documents and images are included at the end of the book. There are more documents not included within the book. Some details in the documents have been blacked out to protect others, (yes, even those who do not deserve to be protected.) Thank you.

"Why are there so many bad people in this world"

By Robert P

The events that take place in this story will make you ask, "Why are there so many bad people in this world"? Reading about the struggles, heart ache, torment and the constant fear of what the author went through was overwhelming at times reading. I can only imagine what it was like for Debbie. This is one of those books that can be hard to read all the way through, but you find yourself wanting to go back to it to see what happens to her and where she is now. An amazing and unbelievable autobiography about the strongest woman that I have ever read about.

This was amazing. A very moving story

By The Squonk

This was amazing. A very moving story. I found myself often on the verge of tears reading what she had to go through. This was a gripping firsthand account of the violence and neglect that go ignored so much in our communities. I hope this helps raise awareness and action for those who witness or are forced to endure things like this no matter how big or small a degree.

Debbie IS STRONG

By brian

Incredibly heartbreaking story. This book, is sadly a reality of many women in this world. I thank Sierra for sharing her truth. May the rest of her and her daughter's days be filled with peace, happiness, and strength. This book is truly incredible. I highly recommend this book to everyone, if I could give more than 5 stars, I would.
