EXHAUST: SERIALIZED ROMANTIC SUSPENSE (THE REDLINE SERIES BOOK 4) BY SKYE CALLAHAN PDF

Book 4 of The Redline Series

A month ago, I brought home a stripper.

I didn't plan. I didn't think. I violated every rule of a good criminal. And now, she pays the price. My brother stole her back, seared away her identity with drugs, and spliced her body together with images of my long-dead lover.

Devlin wants nothing more than to see me fall. And that's just what I've done.

They say old habits die hard, but old addictions never die. Chasing lines. Chasing demons. Anything to drive the memories away.

Maybe it's too late.

I can't shake the feeling that I'm bound to Aubrey in some way. I owe her. I need to fulfill our deal. Even though I'm not sure anything will remain when the smoke finally clears.

There is no hell like the one inside your own head.

Warning!: If you're looking for rainbows, butterflies, and happy endings coated in chocolate and caramel, turn back now! This story deals with dark themes and intense situations that aren't suitable for sensitive readers. If you're looking for an intense roller coaster of emotions and situations that will warp your sense of right and wrong and drag you through the debauched underworld of crime and deceit, then you're in the right place.

Still going strong.

By ocdbookreader

This is book four in this serial. It's not a stand-alone, you must start at the beginning.

There's not any triggers in this book, but in the previous book, there's a strong warning.

I didn't think I would be still so drawn into these characters.

I mean especially after the last book, how's the author going to top that and keep my interests?? Have faith

because she has. The characters, plot and story just have me glued and turning the pages.

Colt has so much going on, he's not sure if he's finding a way back, walking around with a target on his back, or falling so far into his old ways that he'll never find his way out of Hell.

Aub's, she's not sure where her mind has her. I mean after last book, I'm amaZed she can function at all. The constant nightmares, trying to find a balance in a life and body that no longer belong to her. Those moment when they were out of their minds come back to haunt EVERY one involved.

Devlin. The Devil, he actually got a head of himself. Doing things he thought would never be found out. But Merc, he has eyes in more places than anyone knew.

Personal relationships are all stretched to the max, along with professional ones.

I need to move onto book five. I'm on the edge of my seat how this is all going to end. Hopefully our characters (even side ones), get that HEA.

I'm scared!!

I would highly recommend these all up to this point.

I'm in love with this world

By Di Covey

Part four of the this five part series. I'm so addicted to this series, it's unreal, it's taken over my life. I'm snatching a page every chance I get. Although this one was the calm before the storm and not as suspenseful as the past three, it still consumed me. I'm in love with this world, these characters, and I can't get enough.

Let's see if Cole can seek revenge and redemption all at once. Let's see if Aubrey can live a normal life or is forever tainted. I don't know how one book it going to tie all of this together, I feel like I need at least two more. Yes, I'm definitely being greedy, I don't want it to end. I'm not ready. This is coming from a reader who is famous for not finishing series. I'm looking forward to the last book, but not.

Who will win the war? Will there be light at the end of the tunnel?

Another thrilling epic read

By Lisa Hershaw

4th book of 5 and omg,what another ending.

This series will take you on a thrilling ride and its not finished just yet,You get drawn in the more you read.

With saving Aubrey, helping her then sending her away to heal and protect her but can Colt save himself, help himself. Will he be able to forget about Aubrey and will she be safe from Devlin and herself? How can Colt and Aubrey overcome something they can't admit, more than the drugs, the torture and revenge?

With Colt still trying to bring down Devlin and stepdad Merc, can he pull himself together long enough to get a revenge that he deserves? I really do hate Devlin and hope he suffers.

I cannot wait to see how it all ends in this thrilling series.
