Great book for kids who like video games.

By Stoneysilence

I bought this for a Foster boy that I work with and he loves these things. He has 2010 up to 2015 and now 2017. He reads them all the time and is fascinated by all the facts and info about games.

Good price for this book

By Allie S.

Bought this on Amazon because it's much cheaper than the Scholastic book fair at my son's school. He was super excited to receive it and has spent many hours reading it.

Beautiful book, great price.

By AnnMarie R. Harvie

I got this for my son for Christmas. He loves it. It's everything it was advertised that be. It's a nice quality book -- larger than I expected (in a good way) and the pictures are really great. If you have a gamer in the house, this is a great non electronic gift to get them.
