Funny Book !!!

By Mikey C

It's been 10 years of Geronimo writing books! His friends throw a party to celebrate. Geronimo writes a book called The Golden Book to celebrate those 10 years of him writing books. But when Geronimo falls asleep his computer (with the only copy of The Golden Book) is stolen! It is leaving on an airplane! Will

Geronimo get his computer back? Will he get the book published in time for the party? Find out in Geronimo Stilton The Hunt for the Golden Book. I recommend this book because after the computer is stolen, things get really interesting. Plus, it comes with an extra book! Both books have that strange different colored word thing, and they are both very funny.

Excellent book!

By EA Biggers

My 14 year old daughter still loves this series! She's read every single one of them. She also enjoys the Thea Stilton books.

My son loved it, I thought it was just OK

By L. L. Moore

I found the main story to be only so-so; the "mini-mystery" about the lake monster was better. Overall I find I prefer the Geronimo Stilton books where he travels and you actually learn something about other countries. My 7-year-old liked it but didn't immediately insist we read it again as he has with some of the others in this series.
