The most authentic golden dawn deck around

By Uri Raz

Though I have some reservations regarding this deck's art, this deck's strength is in its adherence to the descriptions of the golden dawn inner order deck descriptions in Book T, the initiation rituals, and Hodos Chamelionis.

Wang's deck intentional lack in certain details in the minor arcana, e.g. the astrological signs and the court cards' 'jewellery', and in its colours, diverges from the instructions given in Book T. Having seen a few Where Ra pips, which lack the astrological signs, possibly this divergence has some basis in previous G.D. decks.

----- Additional note, July 7th 2011 -----

Some of the court cards in this deck face forward. The Opening of the Key requires all court cards to face, even slightly, either left or right.

The court cards reproduced from Westcott's papers in The Golden Dawn Court Cards (Golden Dawn Studies No 5) by Darcy Kuntz conform to that demand, e.g. the princess of cups faces slightly to the right as indicated by the contour of her face and only the left ear being visible. Those drawings are in agreement with those given in "Key to Tarot divination", AFAIK written by Westcott as well (there are two notes signed S.A. - Sapere Aude was Westcott's motto).

I hope future editions of the deck would correct this issue.

Great Reference

By A Customer

Though the ideals and principles of this group are unique to put it nicely, I do like the tarot card parallels and definitions provided by them in their book. The book falls apart rather easily, so be careful not to snap the binding by opening it too far. The definitions are extremely simplified, so if you are looking for an in depth meaning to any of the cards, look elsewhere. However, I use astrology and tarot together and found this to be my handy dandy reference guide when my memory fails me on a card's parallel. It's rather small, can fit nicely into a purse or bag of goodies.

great for the experienced reader

By A Customer

this golden dawn of tarot set is great for any answers you might be looking for. it follows the Qabalah and has a section in the book that explains the Qabalah's mystical tree of life. also included in the cards is a way to get a date or time as the answer being the only deck iv ever seen with this feature. this is also one of the only decks of the later twentieth century to be approved by a member of the golden dawn
