Hawaiian Dictionary: Hawaiian to English, and English to Hawaiian
By Aloha 9620

I am a new Hawaiian language student, and this wonderful book allows me to look up words and definitions either from Hawaiian to English, or English to Hawaiian. I especially like this book because the font size makes it easy to read. I have visited Hawaii over 40 times in the last 32 years, and just wanted to be able to read and write the language. Now that I am retired, I have time to devote to perfecting my own use of the language and culture of my happy place. If you have similar inclinations this book is a must.

I am very disappointment that the book is so old and worn out
By Muriel L.

I am very disappointment that the book is so old and worn out. Pages are yellowed and fragile and looks as though it could tear so easily. I knew it was "used" but I didn't think it would be this bad.

Good
By Mimi

This dictionary was recommended by my hula teacher. I looked up some words, and the definitions were nice and clear. Dictionary was slightly damaged upon arrival because it was packed in a large box with another item. I requested for an exchange, and it arrived in 2 days. Dictionary was tightly packed, so it was in a perfect condition. I think all the book purchases should be packed this way. Thank you for the great service.
