K.A. Poe's passions have always been writing and reading, escaping reality and starting adventures in worlds beyond the mundane familiarity of Earth. Full of imagination, creativity and wonderment, K.A. Poe almost always has a fresh idea in mind for a new tale to tell. When she isn't reading or writing she can be found playing video games or designing in Photoshop. She is a hoarder of colorful socks and admirer of squirrels and penguins (and by "admirer", this clearly means she squeals at the mere sight of either animal).

She resides in the deserts of Arizona with her husband and daughter. Accompanying the trio is K.A. Poe's writing assistant Aries (who happens to be a cat and doesn't do much in the way of assisting or writing, unless you consider sleeping on the keyboard helpful...) and their two other furry companions - Lyra and Gemini.

Hybrid

By Amazon Customer

Lovely Book! This was a perfect sequel to Twin Souls and I truly hope we will get to read a third book about Alex and Salem. There is a lot going on in this book aswell just like in Twin Souls but in this one I think it's more action. And I must say OMG to all of the crazy, sad and confusing things that Alex have to endure in this book. I would crumble instantly if I was her, gladly i'm not her lol. The only thing I do envy is her relationship with Salem. He is so loving and understanding all of the time and Alex is everything to him. Alex relationship to her father Paul is kind of strained and weird at times, especially to the end of the story. Not to spoil anything but I really loved the turn Hybrid took towards the end of the book and it will be something to spin on in the third book (fingers crossed for that).

The story is so well written and you can really picture everything in your mind which I love!

Thanks to K.A. Poe for writing such a great story!

Just as wonderful as the first, and I have a great intent to read them both again well I await the next. I found the book had a lot of unforeseen twist and turns that I found not only well thought out, but kept me anticipating the next page that much more. Amazing job K.A. Poe, you've written another amazing book!!

Beyond any fiction book out there

By Amazon Customer

I have NEVER cried while reading a fictional story. EVER. This story made me cry a little. It wasnt because it was especially sad it was just extremely powerful. The emotion that the author puts in the book is so raw and

real... and...and magical that it will touch you deeply and have you doing what I did. When you read the last word you will roll off the couch and throw your Kindle while saying Holy Turd Holy Turd. Then you will start rolling across the living room carpet saying why why is it over and then you will come to the realization that **THERES A THIRD BOOK!!!!!!** You must read this book even if I think that it shouldnt be physically and morally possible to have so much action and awesomness in one single book.
