LAST VICTIM: A TRUE-LIFE JOURNEY INTO THE MIND OF A SERIAL KILLER BY JASON MOSS PDF

Eighteen-year-old Jason Moss was used to playing roles. As a boy, he perfected the art of fitting in with different crowds but never having one of his own. Then, partly to satisfy a college assignment, he turned to a new crowd: men who'd blazed their way into the American consciousness and now languished in prison. Men named Dahmer, Manson and Gacy. Posing as an ideal friend - or perfect victim - Jason wrote letters to the infamous killers. While Moss corresponded with Charles Manson and Jeffrey Dahmer, none was more fascinating than the 'killer clown', John Wayne Gacy. Obsessed with his new pen pal. Gacy's letters became weekly phone calls and eventually, an invitation to his prison - a showdown Jason tells in nightmarish detail. With Gacy the clear master of his prison domain, the eighteen year-old was forced to look into the abyss and consider that he might become Gacy's last victim. As Jason slips further and further into the underworld of Death Row convicts, his everyday world spins around him, becoming more and more surreal. Impossible to put down and brutally honest, *The Last Victim* stunningly mirrors our society's fascination with the most violent and depraved among us.

Unbelievable, unreal, yet true!

By Krystina Goolsby

Can you imagine being a student, no more than the age of eighteen, and involved in communications with a serial killer that's past victims fit your description? Amazingly, Jason Moss pulled it off. Putting his own life on the line, he successfully entered the lives and minds of several different serial killers including John Wayne Gacy whom he got the closest to. Other than being down right crazy and unbelievable, it offers a view that the public is often not shown of serial killers. Included are pictures of himself with Gacy and others as well as pictures from the original crimes.

This book is a true life, thrill ride from beginning to end. Once you pick it up you absolutely cannot put it down. Although the book is a great read, I do not recommend it for the faint of heart due to its violent and explicit content. It gets very graphic at times. Any true crime fan should definitely read this book. It's well worth the time.

Couldn't put it down...

By John A. Bruns III

Jason, at the age of 18, wrote letters to various serial killers in jails around the United States, construing his personality in such a way as to lay a mental trap for those in prison, in hopes of a response. He received many letters in return, as each predator inmate, including John Wayne Gacy and Jeffery Dahmer, sought him as a troubled youth in need of their advice.

You won't be able to put this down. I read the whole thing in one night. Copies of the letters received from the inmates are in the book, including phone conversations that occurred with John Wayne Gacy. Jason Moss ended up visiting Gacy in prison... and the end of the book records an incredibly frightening experience...
