LONG-DISTANCE LOVE (THE LOVE SERIES BOOK 7) BY EMMA KEENE PDF

This is Part Seven of The Love Series

Amy is staying busy on the set of her new film, Day One, but she can't help thinking about Spencer. She agreed they should focus on their work, but she had no idea how hard it would be to be apart for such a long period of time.

Dex asks Amy to go on The Latest Show to promote their film. It starts out just fine, but quickly goes south when the host, Vince Brody, brings up something personal and he won't drop it.

Amy's mom is arrested, again. This time, however, it isn't as simple as bailing her out.

Jarvis Green, her co-star in Day One, starts to shape up and everything is going smoothly on set... until there's an accident that threatens to delay the whole film.

I am enjoying this series. It is a nice, pleasurable series. It doesn't elicit intense feelings in me, so the characters and plot don't often stress me out. This is a very safe and appropriate series for teenagers. The love story between Spencer and Amy is very sweet, though I would love to see more interaction between them in future books. There is not a lot of affection displayed between them, which comes off a little odd when dealing with young, newlyweds. Even if the author wishes to keep it PG, there could be some intense displays of affection without graphic details. This book also has many of the same editing issues that should have been caught during the editing process, yet they are missed. Because I am enjoying the sweet story of these 2, I am able to overlook errors that normally would turn me off. I feel like each of these books has barely scraped the surface of this author's capabilities and the story that is right there for the telling. This series I have to add my own imagination to fill in the blanks that are left so that not only do I get a pleasing story to read, but that I feel satisfied with the story too. Normally, I wouldn't continue reading a series that I have to add my own bits to in my mind, but because I want to keep reading this series even having to fill in details just goes to speak to the talent of this author with attaching me to characters with limited details and drawing me into a story that at times needs more details. I hope that the author finds a better editor to polish the errors out and that can help draw out the missing details to turn future books in this series into something truly amazing.
