Best book on finding your Soul Mate

By Zach

This book was the start of me realizing after going through separation and pending divorce that I needed to look at myself and my Love life. With knowing of the Law of Attraction I did not know how to apply it to my love life. This book was able to give clear guidance on how to do it and clear any negativity, holding onto past loves and making room for your soul mate. It is very down to earth but you also have to be ready to do some work on yourself as that is the key, is looking at yourself. Once you start doing the work it really does not take that long at all. Do not rush it or try too hard as the more you do the further you will push what you desire away. Relax, apply the guidance inside this book, then sit back and relax. I have read several books but this one stood out the most in helping me find my soul mate. I have found her and the relationship in the first two months is different and better in so many ways. This is well worth any ones time now stop reading the reviews, start reading and find your soul mate!

It did it for me, it can do it for you!

By I. Murphy Lewis

Kathryn's book worked for me. While I was busy taking her four week "Create-a-Mate" workshop, I zipped through her book. Within moments, everyone around me, or even far away felt the change in me. Old boyfriends called, wrote, emailed One asked for a date. Guys stopped me on the street and said, "wow I like that outfit," "that scarf," "that dress," "that hat!" After my bikram yoga class, men would sit on the bench to chat with me. Before this book, I was in a dead zone of no dates, no interest. Even friends began to set me up on blind dates. My whole energetic system had changed. A month after the read, an old friend called to meet me for a drink in NYC, which led to a dinner. The following night a play, a dinner and late night jazz. Then we met for lunch the next day. He flew back to Paris and I returned to my little apartment in Copenhagen, Denmark. We started skyping everyday--letters, emails, phone calls. He flew into Copenhagen for my birthday. That day, we rode bikes around the city, talked over lunch what I called the 103 questions--all the things we needed to know. That evening he proposed to me in the taxi on the way to the restaurant Sollerod Kro. And out of my mouth, that which I thought would never pop out, did: "YES!" Five months later, we had an amazing wedding at the River Cafe in NYC and am happily married in Paris for two years now! What can I say to Kathryn, but thank you for your clear and poignant work!

Love Will Find You by Kathryn Alice

By Shasha

Hi, She encourages/helps people who have not dated in a long time. She says you have a Soul mate. Wait..it is worth it. It will be easy and they will not reject you. Be yourself so they can find you. If you think positive..then good things happen/doors open. Learn to flirt again and not be so serious. No try to force a relationship to work if it is not right/abuse etc...let it go for the better relationship that was meant to be. Get rid of limited thinking. She says your relationship will always work out with a soul mate. No excuses like too

old/ugly etc.. Invite love...get house ready with space etc. and live fully. No fear other women etc.. Have good boundaries/believe you deserve love/let go of ex and wish him well/release baggage/forgive etc.. Release agenda. Soul mate will not reject. (Some people think a narcissistic person is their soul mate. They are charming..but they may run/abandon/cause emotional abuse etc..) Take high road, give them freedom, no panic or be desperate. It is not logic. Have self worth/no be shut down/no be cynical/no be attached to a relationship that didn't work/have faith/learn to be well alone/be spontaneous..flow/no make the Soul mate your source of happiness or more. Higher purpose/high road. You can't fix them..they need to learn by themselves. Harmony/no argue. She tells how to run a support group for this topic and step by step help in the book that is very helpful! It is worth reading. It is different than other books. She is talking to the woman who may have given up on dating/guys/life. She writes in a way that may really help since she really understands what people are going through.
