Management book by John Jr Schermenrhorn

By Delfina Suastegui

I love the book, it's very easy to read and understand.

The best thing about this book is that it has its own web page that offers Power point slides , Test, recorders, DVD, that help to the best understanding. that is an excellent service.

It would be nice if the access code needed to access the website is provided with the purchase of the book.

Covered all the material necessary to ace the class.

By Zachary Fuller

The book does what it is supposed to do. It covers the material in class. I spent extra for the Wiley code for online use and wish I hadn't bothered. For some reason the teacher said we would need it, and I used the code to activate it. Never used it the entire semester. Unless the teacher can specifically state why the code is needed, don't bother getting it, just buy the book.
