Gorgeous 12th Century Design of Original Royal Court Cards

By M. W. Gregory

Beautifully illustrated card deck. Fantastic artwork. They are copies of one of the original Tarot decks made for the Royal Courts of the 12th-13th centuries. These are actually way too beautiful to use everyday and bend to shuffle! The gilded gold plating is magnificent on these. I suggest buying two of these decks. I collect all the ancient Tarot decks. This is an excellent addition to anyone's collection. When I read to help someone, I have a rather unique approach to reading that is steeped heavily into Catholicism and Christianity. I go to an extreme by some people's standards. I also implement Holy Water from Lourdes and the Holy Rosary as I read. I know that our Guardian Angels whisper to us if we would only listen. I ask them to guide me as I help someone in a dilemma and to steer them from evil. Always remember that it is your own energy and that of your client's that bring any deck of cards to life to communicate with you as the best course of action to take in any critical situation. Ultimately, Trust in Christ. The cards are merely a guide or pathway if implemented in a divine method invoking the Lord and Blessed Mother. They are indeed, the Ultimate Guides! God Bless to All.

I adore this deck!

By Isabelle V

I'm a Tarot beginner, and this is my first deck. I bought it a couple of weeks ago at a local shop, just because I wanted a deck to start learning with and it was the least expensive, non-gimmicky deck they had. (They were out of any R-W.) The artwork is far more beautiful than any other I've seen. I love that the images were actually paintings, not CG art (not that there's anything inherently wrong with digital art - it just has a

different feel.)

I have really bonded with this deck, as far as it's possible for a rank newbie to do that in her first two weeks. The basic spreads I've done for myself have been really enlightening, and my "card-a-day" studies have been exciting and fun. I have to say that making Tarot, and this deck in particular, a part of my life, was a great decision. I just ordered a R-W deck from Amazon and will have it in a couple of days, since it is the standard for most books and study courses, but Scapini will always be my first love!

Superb

By Samantha

I absolutely love this deck. It was a perfect replacement to my last one, which I decided to gift to a friend. It is very beautiful. The artwork is very rich and lively and I had no problems with cards sliding or jumping. There is a humorous quality to some of the symbols on the cards and the detail is so great that I'm always finding new things every time I look through them. Any pictures of the cards do not do them enough justice.
