Amazon Breakthrough Novel Awards 2014 Quarter Finalist

NO UNSPOKEN PROMISES

Blake Warner is a man who has sworn he will never marry. Therefore, he doesn't understand how he ended up standing in front of a preacher with the little hellion he met the night before. It was true that he had taken her to bed, but he thought she was already married. Blake may have been one of Chicago's most notorious rakes, but he would never intentionally break the cardinal rule of rogues—never take a young woman's innocence. He made sure she understood before he took her to bed that he was offering no unspoken promises.

Meredith Vande Linde knew she would die a spinster in her small Minnesota town after a scandal tarnished her reputation. So what harm could there be in letting Blake think she was married, and allowing the handsome stranger to take her innocence. He would leave the next day, and no one would know.

It never occurred to either of them they might get caught, until it happened.

This is a full-length novel. Re-edited May 2015

The rake meets his match

By AK Mystery Mom

No Unspoken Promises is a steamy and yet ultimately sweet story. Blake is a wealthy but damaged man, flitting from woman to woman and appalled to find himself stuck with young and innocent Meredith. Meredith may be innocent, but she's a self-proclaimed hellion and gives as good as she gets. They find the friction almost as exhilarating as their mutual attraction, but there are plenty of complications.

I liked this book. The characters were well drawn and the plot had more depth than many romances. I have to think that Meredith would blush that we know so many steamy details of their most intimate moments, but their attraction is central to the story. Since I'm not a history buff, I can't comment on the historical accuracy, but I found the setting interesting. I recommend this story for anyone who enjoys romance with sparks as opposites attract and heal one another.

7 of 10 people found the following review helpful.

100% Satisfied!

By Merry Well

I expected passion. I got it! I expected adventure. Got that too! I expected characters that were well defined and drew me in. In fact, they seemed so real I thought they were reading their lines over my shoulder. Yes, I love history and romance but I am a picky reader and Nelms does not fail to please. The research is excellent, the plot intriguing, and the struggles never stop. Can't wait for a sequel!

3 of 4 people found the following review helpful.

Good Read, but Lots of Errors

By Laura Tatom

I really enjoyed this book, the characters were interesting especially Meredith. The author wrote an entertaining novel, but there were many proofreading errors or typos. Not enough to prevent me from finishing, but it was annoying. The story was full of twists and events that made it hard to put down. Definitely worth reading if you want a light story.
