This is an excellent English teaching instrument

By Don Coresi

This is an excellent English teaching instrument. All families in the whole world, who would like to encourage their children to learn English as a foreign, or a second, language, should possess this wonderful set, made up of one book (the full-color illustrated dictionary), two CD's and two workbooks. With very little guidance (or, in many cases, with no guidance at all), children who have access to these materials will quickly master the basic words and structures of the English language. I have been using the LCPD for three years now and I have taught two hundred children to speak English relying almost exclusively on these materials. Congratulations, Longman, and thank you from the bottom of my heart.
