# **SMALL BUSINESS MANAGEMENT: AN ENTREPRENEUR'S GUIDEBOOK BY MARY JANE BYRD, LEON MEGGINSON PDF**

Operating any business is complex and challenging, but it provides interesting, creative, and rewarding experiences. Small Business Management, Seventh Edition, takes a practical and down-to-earth approach to planning, organizing, and running a small business. While employing current research and theory, Small Business Management takes a pragmatic “how-to” perspective illustrating many practical examples and applications from the business world. It explains how to achieve optimum benefits from the limited resources available to small firms, as well as how to plan for growth and succession in a business. It also explores arguments both for and against owning a small business.

The enhancements to the seventh edition serve to strengthen and reinforce without minimizing or losing the original qualities and usefulness of the textbook. The business plan remains a very important building block for this edition in both examples and format.

Excellent Choice

By Steve Bornell

This book is going to be around for a while. The chapters are well organized and students become engaged quite easily when using this book. I've found that it is easy to read and enjoyable. Everything taught in this book is relevant and useful.

i got ripped off

By martina madrid

the book I received was an international edition and was sold to me as if it was the real the book.

Great book for class

By Jennifer L Vogt

Rented this book for a summer class! Has some great information (and renting is much cheaper than buying!)
