Nice short BDSM story with caring characters

By Amazon Customer

I enjoyed this little story and wish it continued to develop the relationship between Mr. Walker and Iris. It was well written and only took a few minutes to read the whole story but I would not mind additional stories by this author. Although (spoiler alert) I kind of wish they had time to shower before beginning to play. I mean, I couldn't help but recall how grungy one feels after an international flight in coach.
