Do you struggle to hold eye contact? Does it make you feel unconfident, uncomfortable, and self-conscious? Or do you just want to appear more charismatic and confident? Then Superhuman Eye Contact has the insightful tips and innovative exercises you need to become an eye contact expert - overnight.

If you are bad at eye contact, people will assume that you are creepy or untrustworthy. If you are merely average at eye contact, you won't be negative, yet you won't be memorable either. But if you are superhuman at eye contact, you will instantly make an impression and have people clamoring for your attention. All this because of eye contact? Absolutely. If the amount of eye-related phrases in our vocabulary is any indication (the eyes are the window to the soul...), yes! Eyes are what people use as a guide to your overall character. Mastering eye contact is essential to becoming the person you've always wanted to be.

What tips and exercises from years of coaching eye contact will you learn?

- The number-one obstacle to strong eye contact and the two best ways to crush it.
- Exactly how and when to break eye contact gracefully.
- How to alter your eye contact for meaningful flirting.
- What your eyes should never be doing, though you probably do it daily.
- How the direction someone looks in can determine his or her truthfulness.
- How to adjust your eye contact according to emotional and physical space.
- Real, actionable advice that can actually affect your life.

How will your daily life improve?

- You will project an image of confidence and poise.
- You will force others to respect you and your presence.
- You will become more captivating without having to say a word.
- Your charisma quotient will skyrocket.
- Interactions with the opposite sex will improve tenfold - guaranteed.

5 stars

By Stella Galloway

Wow! Lots about eye contact that I had never even dreamed about! Patrick breaks down eye contact into the exact components that we have issues with and prescribes pretty cool exercises to improve. I've never given so much thought to eye contact because it seems so simple, but there is so much more going on under the surface. I'm really glad I bought this book because it will help me in my daily life, every day!

Very little value and overpriced

By Hyrum

I have only ever given positive reviews to items on Amazon before. However, I found this book to be so disappointing that I wanted to give my feedback so other people do not make the same mistake I did.

I am a big fan of self-improvement books but I found this book to be extremely poor. All of the "hints" are extremely obvious and the book is extremely overpriced. I genuinely cannot think of one concept from this book that a child could not have come up with if you asked them to provide talking points about eye contact. It may be worth skimming if it was a free book.

Save yourself the money and purchase one of the countless other books that provide genuine insight on areas of self-improvement.

8 of 9 people found the following review helpful.

Eye contact is important! We all know that. So why are so many of us so crappy at it?

By Tom Craft

I think sitting down and reading this book was one of the best things I've done for myself this year. Eye contact, as the author says, is a prerequisite to connecting with someone. And if you don't have it, you will come off weird and uncomfortable and creepy.

Best of all is that there are very clear explanations and EXERCISES to actually improve your eye contact. Not many books out there tell you how to improve, they just tell you why. I already know why.
