SWEET GIRL (THE GIRL'S SERIES) BY RACHEL HOLLIS

PDF

Max Jennings is in a bad mood. It's not anything you did; it's just that secrets from her past make it her natural state of being. But she's not going to talk about it or share her feelings, so don't bother asking.

Max's bad mood means that very few people actually truly understand her or know that her secret dream is to be a pastry chef. When a rare opportunity to work for world-famous Avis Phillips presents itself, Max jumps at the chance. Avis and her staff aren't stingy with the tough love, so Max spends every spare minute practicing her craft. As she bakes brownies and custards, cookies and galettes, she builds an unlikely friendship with a man she once loathed and finds herself falling into something she's spent the last six years avoiding. Will she let her painful past stand in the way, or will she muster the strength to forgive herself and realize her full potential?

Lovely, Romantic, Sweet tale

By iiiireader

Instead of the simple romance that I expected, reading "Sweet Girl" by Rachel Hollis was more of a real life adventure with romance thrown in. I didn't realize that it was part of a series ("Party Girl" was the first book and one that I will be reading very soon.)

You don't need to have read the first book, but based on how well written "Sweet Girl" is done, I highly

recommend reading both of the books – that way you will know more about the characters.

First of all, the book is very funny. It is told a little tongue-in-cheek and I found myself smiling and laughing my way through it. However, it also deals with very serious issues and it does so in a very responsible way. There is nothing glib about the way these characters feel about things that matter. But just like I find in my life, laughing about little things helps one cope with the hard to imagine and live with serious things.

The story is about Max Jennings, a 24 year old bartender who has had a lifelong dream of opening a bakery shop. Unfortunately, Max also has had a lifelong illness which has made this dream a little difficult to achieve. In addition, she had some life events which derailed her and she has not been able to right herself and get on with plans for her life.

Max is roommates and best friends with Landon and Miko, who are partners in an event planning business. Landon was the primary character in this first book in this series and is now dating Max' step-brother Brody. These women are there for Max as she struggles to get herself together.

Through an unusual twist of fate, Max is given the opportunity to learn pastry making from one of the world's most renowned pastry chefs. She grabs the chance and a lot of the most fun part of the story involves her work in this kitchen.

Bennett Taylor (Taylor to his friends) is someone who simply rubs Max the wrong way. She purposely calls him Bennett to show him she is not his friend. Taylor has other ideas and offers his assistance to her as she struggles to get her pastry work refined outside of work.

I really loved reading the book. It isn't often that I walk away from a book knowing that there wasn't a thing I would have changed if I had written it. This is one of the exceptional books where I felt everything was covered exactly as it should have been. All I can hope is that there will be more books in the series – maybe starting with Miko and Liam. I recommend the book to anyone who loves an excellent romantic comedy. It is a book for all ages as, while it deals with serious subjects, it is free from overt sexual situations.

I received a copy of this book from the publisher via Netgalley in exchange for an honest and unbiased review.

If you are on the fence on picking this book, just do yourself a favor and read it. You won't be disappointed
By Carrie J

This was my first Rachel Hollis book and I almost didn't read it.

I downloaded it on Netgalley but then got cold feet the more I thought about it. I was worried it would be too sweet for me. I deleted it.

But then I started following Rachel's website TheChicSite.com. Surely, if I liked this website I would like her writing. But what if this is a case of a fan that should leave writing to professionals?

Finally, I decided on a whim this weekend to re-download it. I had read a review that intrigued me. This review stated that Sweet Girl was not a romance or new adult but woman's literature, pure and simple. So I sat down and decided to give it a try.

Let me first say that Rachel is an amazing writer and I can't believe this is only her second book (I don't

really count the novella). How could she not have been a writer her whole life??? For the first time in a long time I found myself slowing down and really absorbing the words on the page. I needed that. I've been reading too fast lately and not really feeling the words. Rachel definitely has a way with words.

The characters were so three dimensional that I could appreciate their uniqueness and relate to them. The main character, Max, wants to be a pastry chef but is stuck in job as a bartender. On a side note, it was obvious that Rachel knows quite a bit about both professions (or at least did her homework) and was able to create realistic situations. Max is perpetually in a bad mood and doesn't open up to those around her. This means nobody in Max's life knows her secret dream.

I can understand know why one reviewer was so adamant that this is woman's literature. Sweet Girl is about growing up and facing your problems. It's about learning who you are. It's about rising to the challenge. There is a dash of romance but this is mostly about Max's story, as it should be.

Max is clueless and unlikeable

By Amazon Customer

I enjoyed Party Girl and was looking for a similar book. The character development was fairly incomplete... the scene descriptions weren't as good... and the ridiculous unlikeable Max was a trip. She treats everyone in her life badly, lies, hides, abuses them verbally, abuses herself mentally.... and everyone thinks she's great and gives her a hug. Unenjoyable hot-mess pity party with a Disney ending.
