So, it will not require even more times as well as days to position it as well as various other books.

TRAINING TO LOVE IT 2 BY KENNY WRIGHT PDF

His wife slept with another man, and he loved it. What comes next?

They did it, and Tom still can't believe it. After months of teasing and toying, his wife, Erin, actually had sex with her personal trainer. They'd spent so much time focusing on that moment, on getting to that line, that they never considered the aftermath. And now that her trainer, AJ, has had a taste, he's not ready to give her up.

Follow Tom and Erin as they explore this new lifestyle where it's okay for wives to date other men and the terms hotwife and cuckold are kinks, not slurs. Erin feeds Tom's inner voyeur with each encounter, playing a dangerous game of give and take that will ultimately test how much strain their relationship can take before it breaks. Everyone has a limit. Will Tom and Erin find theirs?

Very dissapointing ...totally unbalanced compared to first book.

By EdSoCal

I read this second installment almost straight after the first and this book although a sequel is practically a completely different book as the main characters seem to have morphed into totally different people. In the first book it was a story of a couple that obviously cared for each other and had great trust in this book that's thrown out the door and instead we have a rather negative tone. The wife strangely does things (huge things ...not little things) without discussing it first with her husband who she professes to love and also does things her husband explicitly asks her not to do. The husband who in the first book was a strong character turns inexplicably into a major wimp and just lets massive things slide and even when he does show resistance its nowhere near strong enough compared to what has happened. He's been totally emasculated in this book for no reason. I feel this book completely lost its balance compared to book 1 it was no longer about a couple that I could respect. It is very well written and had some very hot sex in it but still was a major disappointment to me.

Heart Stopping!

By kevin

In this sequel to 'Training To Love It', it continues the story of Tom and Erin, a happily married couple that has recently crossed the line and taken the ultimate plunge in their mutual hot wife fantasy. Like any addiction once it has taken hold, they continue to explore further into this fantasy and 'up the dosage' in their exploits. It is also a time of discovery in their marriage as Tom learns that Erin has some quite kinky fantasies that he never knew about. Erin only confides and acts out these initial forbidden fantasies with her

lover A.J., which kind of shocks Tom because they are far too dirty for her to admit to her husband. A.J. seems to be able to get Erin to do things that Tom never could, or would do. But they soon learn that as they keep 'one upping' their exploits and pushing things further, that everyone has a breaking point, which will test the strength of their marriage. This book is loaded with hot erotic scenes and events, and the pace is all that much faster. This is definitely a must read, especially for those that think that they know everything about their partners or spouses. Through the twists and turns, this is one wild ride that I would recommend taking.

Not as good as first book ...

By Alan W

This is a really well written book that has some great hot sex scenes in it. I didn't like it nearly as much as the first book in the series because the wife really began to do things without discussing it with her husband and even knowing he wasn't happy. Her behavior on her birthday party wasn't really forgivable. The husband was a pretty strong character in the first book but here he just act's like a doormat. One of the best things about the first book was the interaction between the husband and wife but I felt some of the nicer aspects of the first book were lost as they were no longer really believable as a loving couple. Still a really well written and sexy book though.
