Fantastic

By Peejay

Rae has come a long way in this book. She's almost grown up. She still has this thing for Devon, but he breaks up with her. Enter Luke, the good looking guy who works for the other side. Things get messy when Luke finds a locked box belonging to Rae's mother. Could she be alive somewhere? Are has to find out.

Luke is not one of Devon's favorite people. He obviously has a thing for Rae. As Luke tries to help Rae, he is brutally attacked and left for dead. But he has a piece of paper in his hand as he lays crumpled on the floor.

Follow this book as you find out the next step in Rae's journey to find her mother and keep Devon for herself. It is amazing.

Another win!

By Brooke

As with the entire series, this book keeps you interested with the drama of Rae fighting to find out who she is, what she wants, and how bad she wants it. The combination of action, fantasy, romance, and comedy. I cannot wait to see the story progress!
